2 Women, Section Crew Endangered in Collision

Reliance on Automatic Stop Signal Results in Disaster

Narrow Escape for All When Section Train Hits Automobile

The lives of two women, and of twelve men of a Northwestern Pacific section gang, were endangered last Tuesday afternoon when a gasoline car, pushing a small construction flatcar loaded with materials, collided with an automobile at the railroad crossing of the asylum road near the Standard Oil tanks. The automobile was struck toward the rear and hurled into a ditch, while the construction car turned over, throwing the members of the crew helter-skelter.

But two of the men received injuries to speak of—H. Williams, whose collar bone was broken, and J. Frasinello, who received a minor injury to one foot. The others were more or less shaken, bruised and scratched.

The women were Mrs. Peters, of Hopland, who was driving the automobile, and Mrs. R. D. Foot, wife of the assistant farm advisor of Mendocino county. Mrs. Peters received a cut on one hand from flying glass, while Mrs. Foot was unharmed.

The automobile was approaching the crossing at a moderate rate of speed. The women state that they noticed the automatic stop signal was at the clear position and Mrs. Peters proceeded. When past the obstruction to the view offered by the oil tanks she saw the cars coming down the track and almost upon her. Unable to stop the automobile, she turned her machine diagonally across the track and stepped on the gas. Her quickness enabled her almost to escape the collision, the train striking the automobile well to the rear. By luck the automobile remained upright and the women were not even thrown out.

Mrs. Peters had a narrow escape, however, when a timber, hurled through the windshield end first, wedged itself between the forks of the steering wheel. She would have been pinned to the back of the seat and badly crushed had not Mrs. Foot, seeing the timber coming, seized Mrs. Peters and pulled her from behind the wheel.

The stop signal was not out of repair, according to W. T. Rice, foreman of construction and repairs for the railroad company, but does not work for small cars such as those used by the construction and section crews.

Miss Edith Hoag has returned to Ukiah from a trip to Yosemite valley. Miss Hoag was in the valley twelve days.

CABIN BOY IS RESCUED FROM PERILOUS POSITION

Julius Johansen, eighteen-year-old cabin boy of the steamer Kalfarli, now loading at Noyo harbor, returning late at night to his ship, attempted to make the passage from shore hand over hand down the wire loading cable. He lost his hold and was saved from falling to the rocks below by two smaller lines parallel to the main cable and about nine feet below it. He grasped them as he fell and managed to hold on until he was seen by Wm. Brown, the watchman. The latter turned in a fire alarm and the fire department responded. Chas. Breen, a fireman, effected a rescue by carrying a ropo out to the lad. He was almost exhausted owing to the cold and his strained position when Breen brought him ashore.

SAUSALITO TO REMAIN TERMINAL OF N. W. P.

Declaring that Sausalito is the logical terminal for the Northwestern Pacific Railroad and that no consideration has been given rumored plans that the company would move its shops to Petaluma, W. S. Palmer, president of the road, on Tuesday discountenanced current talk of such a move on the part of the company.

Palmer emphasized the fact that Sausalito is a natural passenger terminal, the company would not be benefitted by moving its equipment, he indicated.

A spur track is being planned for installation at San Rafael, according to Palmer.

BUICK TO BROADCAST AT LOCAL SALE ROOM TOMORROW EVENING

Residents of Ukiah and vicinity are cordially invited to visit the showrooms of Floyd Banker, local Buick dealer, tomorrow night and hear the famous Max Dolin and his eighteen-piece orchestra, Joseph Diskay, former Orpheum headliner, and the fest of the Buick Motor Company's special announcement program, which is being broadcast from coast to coast, also to see the new 1928 Buick models, which will be on display. The three broadcasting networks of the National Broadcasting Company have been engaged, for an hour each, to span the continent with special music heralding Buick for 1928.

Those who prefer may tune in at home on the Buick special program. The Pacific network will be broadcast from the National Broadcasting Company's studios in San Francisco between 9 and 10 p. m. and will be delivered on the air by stations KPO San Francisco, KGO Oakland, KFI Los Angeles, KGW Portland, KFOA and KOMO Seattle, and KHQ Spokane.

In listening to this great musical feature hour sponsored by Buick, the public, will in a sense, participate in the making not only a automobile history but radio history too, for Saturday night's evening of broadcasting, like the Buick for 1928, which it heralds, is entirely without precedent.

PIFFERO IN TOILS

Joe Piffero, who owns a ranch several miles north of Ukiah, was arrested by Officers McCabe and Weselsky Wednesday and charged with selling wine to Indians. The charge was reduced to possession and he entered a plea of guilty before Judge Hoffman yesterday. The judge imposed a fine of $400.

CONWAY IS CONVICTED, SENTENCED TO 2 YEARS

Cornelius Conway, who gained considerable notoriety through his attempt to "steal" the Redwood Highway Empire association, was sentenced Wednesday to two years in prison after having been found guilty of using the mails to defraud. He was sentenced by Federal Judge Kerrigan to spend two years in the federal penitentiary. The judge declined to give him the alternative of a fine.

Conway's conviction was obtained in connection with his activities in connection with his "Optimists Club."

Conway had used, unauthorized, the names of Henry Ford, William Howard Taft, Thomas Edison, Charles Evans Hughes and other national figures to further his membership drive, according to the government's charges.

He received $15 a member and organized clubs throughout the West without authority of the Optimists' International, and despite the fact that he had been removed from the recognized organization, it was charged.

Another federal investigation of Conway is now under way in connection with his activities in organizing a Pacific Coast Scenic Highway Association, where he is said to have employed similar methods.

E. A. Cox and family motored in from Orrs Springs Wednesday.

GERMAN WAR RAIDER ADDRESSES ROTARY

Count Felix von Luckner was the guest of honor and the speaker at the meeting of Ukiah Rotary club last Tuesday. Count von Luckner was one of the most daring of the seamen who preyed on Allied commerce during the World war. Running the cordon of English ships in the North Sea, on a dark night while a hurricane raged, he got clear away in an old wooden sailing ship and began a series of depredations that for absolute nerve have never been excelled. He had no cannon, only wooden ones painted to represent the real thing. He would signal the allied merchantman to heave to and receive a message, or stop them by some other pretext, then would run out his wooden guns and bluff them to surrender. He would then scuttle the ship and cast the crew adrift in their boats. During his entire career, he stated, he had never shed a drop of human blood. He was captured and escaped and finally was captured again and imprisoned in New Zealand until the end of the war.

His story appears in this month's World's Work and in addition to the short sketch therein, he is issuing a book, which will be off the press in about a year.

Count von Luckner was accompanied by the countess and the couple were the guests of Mr. and Mrs. Charles Smith, of Fountain ranch.

ALTERATIONS MADE IN SAVINGS BANK INTERIOR

The Savings Bank of Mendocino County this week had a number of improvements installed by George Wenglein, well known local cabinet maker. The work was completed by Mr. Wenglein before being installed and when completed he installed it during the week end. Every part fitted perfectly, which speaks well for his skill. The new portions can scarcely be told from the original furniture, having been fashioned along the same lines and finished similarly.

The improvements make for greater efficiency in handling the daily business of the bank.

BUYS WILLITS RANCH

L. R. Sorenson and Henry Simms, of Oakland, are reported to have purchased the L. E. Fulwider ranch lying east of Willits, this week. The place consists of 1470 acres.

WOMAN SHOT IN ATTEMPT TO FORCE HER WAY INTO HOME

FIND BOOTLEG JOINT RUNNING WIDE OPEN

While sitting in their car in the town of Greenwood during a trip to the coast last Monday, Deputy Sheriffs Weselsky and Will Briggs noticed a number of men going and coming from an Italian place. Becoming suspicious they made their way into the place, finding a room full of men in various stages of intoxication. They then followed a party into a back room where they discovered a woman pouring drinks. They placed her under arrest and took a bottle of jackass brandy from her as evidence. Questioning her, she gave her name as Mrs. Mario Croce. She stated that her husband had deserted her and several children and maintained that the only way she could support her family was to sell booze.

The case has not been disposed of as yet, as District Attorney Gibson is in San Francisco, but it is likely that she will plead guilty.

THREE MEN SAVED FROM DEATH BY FISHERMAN

Thrown from their small rowboat into the ocean at Shelter Cove one night this week, three men were saved from drowning by a fisherman known only as "the Big Swede." Cecil Williams and Emil Haglund, of Fort Bragg, wer two of the imperilled men, while the name of the third could not be learned.

The three were returning to their boat from a trip ashore, when a big breaker swamped their skiff and swept it beyond their reach. The rescuer heard their cries and plunged into the icy waters of the harbor three times, bringing a man on board each time. The third man rescued had a close call, as he had gone down for the third time and the rescuer chanced to locate him with his feet while treading water and looking for him. He was resuscitated with some difficulty.

Mrs. J. G. Curts and children were here the latter part of last week for a visit with Mr. Curts' mother, Mrs. Allie West.

ATTEMPT MADE TO WRECK FT. BRAGG FREIGHT TRAIN

An attempt was made recently to wreck a freight train on the Fort Bragg railroad at the tunnel near Willits. A number of ties were placed across the track but were discovered by the passenger train crew and removed before the freight came along.

The sheriff's office has been notified and is working on the case.

Miss Elizabeth Short, Warned Away by Housewife, Victim of Bullet

WOUND NOT THOUGHT SERIOUS

Resisting with a revolver an attempt to force an entrance to her home at Covelo, Mrs. Grace Sweeney of that place last Monday afternoon shot and wounded Miss Elizabeth Short. The weapon was a revolver of a cheap make. The bullet passed through the calf of the victim's leg, missing the bone and all large blood vessels, and the wound is not serious, according to report reaching the sheriff's office yesterday.

Miss Short had been rooming at the Sweeney home. Mrs. Sweeney did not approve of her conduct on certain occasions and told her to move out. Monday evening when Miss Short returned to the house, Mrs. Sweeney met her in the yard and told her she did not want her there any longer. Miss Short thereupon attempted to brush by her and enter the front door, according to report reaching the sheriff's office here. Mrs. Sweeney proceeded to block the attempt and during the scuffle that ensued shot the other woman.

No action had been taken by the victim of the shooting to cause the arrest of Mrs. Sweeney up to last evening. The officials will take no action on their own initiative, we understand.

On last Tuesday it was truly Rotary International. The president was Dr. Smith, a son of the United States. The chairman of the day was Walter Sandelin, the son of a son of Finland. The soloist was Andrew Robertson, a son of Scotland. The speaker was Count Felix von Luckner, a son of the German nobility. It was a remarkable and a delightful meeting.

I saw a good one today. A woman was walking leisurely across State street with a great show of dignity. The fact that an automobile was approaching did not cause her to lose her dignity by lengthening her pace, no indeed. The driver, however, seized the situation at a glance and kept coming on at the rate of fifteen miles an hour. When about ten feet from the dignified lady he suddenly put on his four wheel brakes, bringing his car to an almost instant stop. But the dear lady took no chances and when the car stopped she was on the sidewalk. Instead of a demonstration of dignity, it showed wonderful agility. The driver smiled and drove on.

It is time for the farmer to begin marketing his crops again. One cannot too strongly emphasize the importance of dealing with reputable fruit concerns. It is a pity for a farmer to toil all year, pay his taxes and produce a crop only to lose his profit through poor marketing. What has happened in the past is, in some measure at least, a fair index of what might happen in the future. It is a wise policy to let no one get the best of you twice.

BASEBALL
(By Ken Busch)

The Potter valley baseball team journeyed to Hopland last Sunday to cross bats with the Hopland tossers.

The local outfit came out on the short end of a 9 to 8 score but they played real baseball all the time. The locals, with Whittaker on the mound, played a shutout game for the first six innings. Then Hopland got started and made four runs. Hughes went in for Whittaker and Vaughn took third. Potter got two more runs in the first of the eighth and Hopland tied the score in their half. Potter failed to break the tie in the ninth but Hopland put over the winning run with one down.

Whittaker pitched the ninth inning for the locals.

Beasley, the starting moundsman for Hopland, was batted out of the box by the local stickers when "Frosty" Hughes slapped out one of "those things" into right field. Metzler relieved Beasley but failed to hold his opponents as well as Hopland fans would have us believe he could.

Potter made 8 runs, 13 hits and 2 errors.

Next Sunday the local boys play Hopland again on the home diamond. Everybody come and see a good ball game.

This hard-to-suit age chooses Camel

MODERN people are hard to satisfy. But Camel has pleased them and they have made it the most famous cigarette of all time.

Present-day smokers are "tasty," and they recognize in Camel the choicest tobaccos grown, blended for smoothness and mellowness. Camel leadership in this modern world is an overwhelming tribute to the taste and fragrance of this quality cigarette.

Camel will prove itself to you. What a cool, satisfying smoke! When you try Camels, you will see why they are first and favorite with present-day smokers. "Have a Camel!"

Miss Hazel Puett Wedded to Mr. Howard Grimes

The Pioneer Memorial church of Oakland was the setting Monday evening, July 11, for a beautiful wedding when Miss Hazel Puett became the bride of Mr. Howard Grimes in the presence of a church full of friends and relatives.

The church was artistically decorated, on either side of the altar large urns filled with gladiola and delphinums, with a background of palms, making a lovely setting for the wedding party.

The bride, who was given in marriage by her brother, Mr. Joe Puett, wore a French model gown of crepe meteor, heavily beaded with seed pearls and rhinestones. She wore a coronet of orange blossoms that had been worn by her mother forty years ago. She carried a shower bouquet of roses, lily of the valley and pansies. Her attendant was her sister, Mrs. Lloyd Ferrel, who was gowned in a draped apricot georgette and carried a bouquet of roses and delphinums.

The flower girl was little Maurene Farrel, a niece of the bride, who wore a pale pink georgette trimmed in cream lace and blue rosettes.

The ushers were old school friends of the bride and were beautifully gowned in shades blending with the color scheme.

The expectant audience listened to two violin solos, "Andantino" and "The Old Refrain" rendered by Harold Phillips, accompanied by Harold Hawley at the pipe organ.

After the ever beautiful ring ceremony the bridal couple received their friends at the altar. A wedding supper for the relatives of the bride was given at the home of the bride's brother. Following the supper the couple left for an extended trip through Canada and will be at home to their friends after August 1st at 2629 Dwightway, Berkeley.

The bride is the daughter of the late Mr. and Mrs. Robert Puett, of Ukiah, pioneer residents of California. She was educated in California colleges and is one of Oakland's popular teachers.

Mr. Grimes is from Maryland and Berkeley, holding a highly responsible position with the Southern Pacific with offices in Berkeley.

The Gibson Hardware Co. this week made an announcement of very great interest to the housewives of Ukiah and vicinity. It is the news that they have taken the agency for the Coleman "Air-O-Gas" pressure stoves.

These stoves make and burn their own gas fuel using regular gasoline as fuel—no piping, no wiring, no installation expense. They bring you the full equivalent of regular City Gas Service, for cooking, no matter where you live.

Coleman pressure principle produces intense blue gas flame—hottest known form of cooking heat. Boils two quarts of water in 4½ minutes; bakes biscuits in six minutes or less.

SAFE

Same safety-first principle as in Coleman Lamps and Lanterns. Airtight, leak-proof fuel tank, can't be filled while stove is in use. Can't spill if tipped over. Double valve control. Constantly uniform cooking blaze—no crawling flame.

SPEEDY

Lights with matches. Full cooking heat in one minute or less after starting. Only one generation necessary. Instant regulation to any heat desired. Perfect combustion whether high or low.

CLEAN

Clear blue flame, makes no smoke nor soot. No blackened pots and pans, no scum on ceilings, walls or curtains. No wicks to clean, no cones to replace. No dripping oil, no dirty coal, no dusty ashes.

COMPLETE

Equipment includes Duco finished tank with hand operated filler plug, air guage, fuel guage, and control valves; removable generators, burner caps and drip pans. Jumbo air pump. Finished in French Gray Enamel and Black Baked Japan with nickel trimmings.

FARM BUREAU PICNIC

(By C. A. BERNHARD, Secretary)

The county farm bureau picnic held in Dimmick grove in Anderson valley last Sunday was well attended and a splendid affair in every way. It was estimated that more than one thousand persons were in attendance. Practically all of the farm centers of the county were represented.

The speakers of the day were Charles H. King, president of the Sonoma county farm bureau and State Senator Fred C. Handy. Mr. King lives at Sebastopol and is an apple grower. He is one of the leading men of the state in farm bureau work and he delivered a real farm bureau talk. Right at the start he got the attention and sympathy of the crowd by telling a number of apt and appropriate stories. He then reviewed the organization, growth and present activities of the Extension service and the farm bureau in a very instructive and entertaining manner.

Senator Handy reviewed agricultural legislation of the last legislature and highly commended the work of the agricultural legislative committee, sponsored by the farm bureau, the grange and practically all other farmers organizations of the state.

Music was rendered by the Anderson valley I. O. O. F. orchestra. Some delightfully entertaining songs were rendered by Mr. Burke and Miss Burke, son and daughter of I. C. Burke. Vincent Giorno of Ukiah was also on the program. After singing "Silver Threads Among the Gold" in a very effective manner, he responded to two enchores with comic songs which were highly appreciated.

After the program a number of races and contests were held. Cash prizes were offered and this brought out a large number of contestants. We regret we did not get the names of the winners of the different events. The potato race, the sack race, the fat man's race, the fat woman's race and other similar events provoked many rounds of laughter and the observers were highly entertained.

This picnic was held under the supervision of Point Arena, Fort Bragg and Anderson valley centers. H. J. June is to be highly commended for pepping things up and putting the program over with a bang. J. B. Bellatti, director at large from Covelo, was chosen to preside as chairman of the day. Mr. Bellatti is a very earnest and thorough farm bureau man and when he presides every one is sure to know it is a farm bureau meetinf. He filled his part well.

GRAPE CAR PLAN TO BE SAME AS LAST YEAR'S

American Railway Association to to Show No Favortism, Says District Manager

The California grape car plan will again be put into operation for the 1927 season, it was announced Tuesday by G. A. Leithner, district manager of the car service division, American Railway Association.

With the exception of a reduction of four days in the time for filing advance notice for car requirements, allowing more flexibility and a benefit to the shippers, and a few other minor changes, the plan will be practically the same as operated last year.

The plan, it is explained, will function through the offices of a chief joint railroad representative with headquarters at 526. Wells Fargo building, San Francisco, the American Railway Association having appointed Leithner to serve in that capacity. He will have sufficient men assisting him to act as joint railroad representatives at centralized points in each shipping district.

The grape car plan instituted last season proved successful in forming a basis for the equitable distribution of refrigerator cars as between grape shipping districts and shippers in the state of California. Further, it was successful in providing an orderly and businesslike movement for the marketing of the seventy-nine million dollar grape crop carried to eastern markets in some sixty-one thousand refrigerator cars with the entire elimination of a car shortage.

Growers and shippers, Leithner states, combined with the railroads in urging its re-establishment in handling the transportation of this year's production.

The two main factors of the plan are the requirements for filing refrigerator car needs six days in advance of the loading date, and the requirement of a special surety grape bond from the shippers as was in effect last year. During 1926 there was a ten-day advance filing requirement. In the 1927 plan, car requirements are to be filed Monday, with the privilege of modifying such requirements up to and including Friday of the same week, loading date commencing 12:01 a. m. on the Sundays following.

"The car service division is strictly a neutral agency," states Leithner, "representing all railroads throughout the United States."

BAY BRIDGE PLAN REJECTED BY GOV'T.

Navy Department Against Any Such Structure, Says Secretary Wilbur

WASHINGTON, July 14.—Secretary of the Navy Wilbur yesterday opposed on behalf of the navy deparement construction of the proposed bridge on San Francisco bay.

Wilbur, in a letter to Secretary of War Davis, said the navy sees no reason for changing its previous recommendations against construction of this bridge. The letter was transmitted yesterday to the War Department.

In the absence of Secretary Davis in Europe, war department officers declined to comment on the Wilbur letter. Before sailing, however, Davis intimated that his department probably would not be disposed to approve of the bridge project if the navy department objected to it on grounds of national defense.

Wilbur's letter said in part:

"The Navy Department considers the requirements of the national defense are such that the erection of a bridge in the site proposed would interfere seriously with the operations of a fleet and therefore considers that the view expressed in the navy department letter of July 7, 1926, has not been changed and recommends that the war department adhere to its policy as expressed on October 7, 1921."

COAST NOTES

(Mendocino Beacon)

Salmon Reported to Be Plentiful Off Bodega

Quite a number of fishermen of the Noyo fishing fleet have gone to Bodega recently, salmon having been plentiful off the coast at that point. The prevalence of small fry, such as surf fish, which are at present running in immense schools in these waters, is what is attracting the salmon, as they follow these small fish and prey on them for food.

Fisherman Carlson, of Albion, has recently caught several fair sized halibut, while trolling for salmon, off the Albion coast.

Salmon are reported quite plentiful around Shelter Cove and some of the more venturesome fishermen and those owning larger boats, have made trips up there, but the distance is almost too great for the smaller fishing boats and the water farther north is quite rough at times.

Woodsman Injured

John Burgo, a woodsman employed at Higgin's camp, was painfully injured Wednesday when he was struck by the back line from the high pole which hit him on the shoulder and neck, causing a badly contused shoulder and tearing the skin of his neck. He was brought in to the office of Dr. Preston, where his injuries were dressed. He will probably be laid up for a week or ten days while his wounds heal, as fortunately, no bones were broken.

Visits Coast After Many Years Absence

Mr. and Mrs. James Corrigan, son and daughter, of Los Angeles, were visiting friends in Mendocino Wednesday and were entertained at lunch at the home of Mr. and Mrs. B. L. Elliott.

Mr. Corrigan was born in Little River and attended the Mendocino grammar and high schools, and enjoyed meeting his many friends on the Mendocino coast. It is 21 years since his last visit here.

Buying Lambs

Charles Cooley of Cloverdale spent several days on the coast this week covering the territory from Point Arena north to Rockport, purchasing lambs for J. C. Johnson of San Francisco. He has something like 1500 head of lambs and sheep in sight and will ship out a train load of ten cars from Fort Bragg next Wednesday. This will make about 3,000 head of lambs purchased by him in coast territory.

VALLEY PEACH GROWERS WILL LET FRUIT ROT

Peach growers of California, confronted with serious losses because of a price deadlock with canners, plan to let part of their 1927 crops go unpicked in an effort to reduce the threatened deficits, it was announced yesterday by representatives of the growers.

Peaches are already dropping from the trees in southern Joaquin county and in Sutter county, it was said, and Associated Press dispatches from Yuba City told of the decision of 1,200 growers there to refuse to pick part of the crops in Yuba and Butte counties.

The deadlock has arisen over the canners' refusal to pay $30 a ton 1927 peaches, according to growers' representatives in San Francisco, and the canners' action in substituting a sliding scale declared to amount ao approximately $20.

Captain and Mrs. Clark Avery have returned from their honeymoon and are at home at Rancho de Sanel, near Hopland. Mrs. Avery was Elsie Baumgartner before her marriage in Los Angeles, July 7.

RESPECTED PIONEER ANSWERS LAST CALL

E. S. Williams Taken in Death Saturday. Was Active in Many Business Affairs

On July 16, 1927, E. S. Williams, an old and respected pioneer citizen, passed away at his home in Ukiah.

Mr. Williams was born in Yell county, Arkansas, June 23, 1843. He crossed the plains in 1857 and settled near Healdsburg, California. In 1871 Mr. Williams came to Ukiah valley where he has resided most of the time since.

He was married in 1872 to Mary J. Jamison of Redwood valley.

Before failing health overtook him Mr. Williams was well known among the business men of this section and of the northern part of this and the southern part of Humboldt county as a man of active business interests.

He was of an energetic, purposeful temperament, independent of thought and action, a forceful personality, and a good citizen. The true spirit of the pioneers was his.

To those nearest him, his passing means the loss of a trusted guide. Almost to the last hour, his clear consciousness was busy with final thought for them.

For the last three years, he has been a constant sufferer, but he bore his suffering patiently and philosophically. His last sentence was spoken with clearness and decision: "In God I Trust."

He leaves a wife, two sons, Robert S., and Raymond H., three daughters, Luella, Mrs. J. G. Thomas, and Mrs. H. M. Fallis, a brother, A. D. Williams, a sister, Mrs. Cordelia Pitner, and nine grandchildren to mourn his loss.

CAMPFIRE GIRLS HAVE GOOD TIME AT REEVES

Letter from Group to Friends Tells of "Perfectly Wonderful Time"

TAKE HIKE TO LEONARD LAKE

The Campfire girls, in camp in Reeves canyon, are having a "perfectly scrumptious time," to judge from reports reaching the various homes in this city. The Dispatch is in receipt of a letter from the group and publishes it herewith.

The camp will break up tomorrow. The big ceremonial will be held tonight.

The letter follows:

Dear Friends of Campfire:

We're having a perfectly wonderful time here in our beautiful camp Likoptasatro. We surely appreciate Dr. Dickinson's kindness in allowing us to use his beautiful camp among the redwoods.

We eat, sleep and play to our hearts content.

It is so much fun to get up at 6:30 and take an early morning dip. Don't shiver! It is really thrilling. We certainly enjoy the swimming pool and thank the men who worked so hard to build it for us.

We have the best eats, thanks to the many friends in Ukiah. Mr. Cohen sent us a crate of the best canteloupes. Mr. McKesson, fruit and vegetables. Mrs. Thurston, two big baskets of puffed rice candy. Mr. and Mrs. J. W. Eversole brought us three big watermelons in time for dinner. Next day Mrs. Duncan appeared with a freezer of ice cream just as the lunch bell rang, while Mr. and Mrs. E. A. Eversole appeared at the dinner hour with fresh doughnuts and cake. Mr. and Mrs. Eversole have been kept busy in Ukiah supplying the various needs of the camp. Rev. Beasley, Dr. and Mrs. D. R. Smith, Dr. and Mrs. J. H. Hansen, Mr. L. Hofman and Mr. Pioda have helped in many ways to make us very comfortable here this week.

Mrs. Toles knows how to keep the K. P.'s busy and we who have cooked with her are going to help our mothers more when we go home.

We took a long hike to Leonard Lake on Monday. Mrs. Boyle invited us to use the boats and we had a row on the lake that was thoroughly enjoyed by all. On our way home we stopped and cooked our lunch. I wish you could have seen us baking a biscuit, frying bacon, potatoes and onions, all on the same stick. It was delicious!

Tuesday morning we started classes. There are five of these classes every morning and we forty girls are divided in these classes. Each morning we have a chance to take part in a different way.

There are many other interesting things that could be told but will save the rest until we get home.
